Modul | Woods

In 2018 Modul Woods launched as our premium vanity cabinet facility. Our Vanity Cabinets work for a wide range of clients within the residential, hospitality and multi-family channels. Our business synergy with vanity tops and cabinets allows us to adapt to the needs of each client.

En 2018, Modul Woods se lanzó como nuestra instalación de gabinetes de tocador premium. Nuestros gabinetes de tocador funcionan para una amplia gama de clientes dentro de los canales residencial, hotelero y multifamiliar. Nuestra sinergia empresarial con encimeras y armarios nos permite adaptarnos a las necesidades de cada cliente.

Melamine is a plastic material composed of resins that covers chip-board/MDF, it's a hard and resistant synthetic material ideal for manufacturing furniture for kitchen and bathroom.

La melamina es un material plástico compuesto por resinas que recubre tableros aglomerados/MDF, es un material sintético duro y resistente ideal para la fabricación de muebles de cocina y baño.

MDF Painting are those boards that are subjected to the painting process, providing a high variety of tones.

El MDF Pintando son aquellos tableros que son sometidos al proceso de pintado, brindando una alta variedad de tonos.

We call regular closing furniture to the furniture that has conventional fittings without absorbers or soft closing.

Se denomina muebles de cierre regular a aquellos que cuentan con herrajes convencionales sin amortiguadores ni cierre suave.

Soft close furniture are all those that have metal components such as soft and silent closing hinges and shock absorbers.

Se denomina herrajes de cierre lento a todos aquellos que cuentan con componentes metales como bisagras de cierre suave y silencioso y amortiguadores.

Although the cabinets can be easily adapted, the standard measurement we use is 34.5" from the floor to the top of the cabinet.

Aunque los gabinetes puedes ser fácilmente adaptados, la medida estándar que manejamos es de 34.5" del suelo a la cubierta del gabinete.
